The Honorable Rosa DeLauro

Committee on Appropriations,

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Village of Tupper Lake Drinking Water System Improvement Project in Fiscal Year 2027. The entity to receive funding for this project is the Village of Tupper Lake, located in Tupper Lake, NY.

The funding would be used to implement critical upgrades to the municipal drinking water system to improve treatment performance, address water quality challenges, and ensure reliable delivery of safe drinking water. The project is an appropriate use of taxpayer funds because it protects public health, ensures compliance with current and future drinking water standards, and supports essential infrastructure serving residents, businesses, and community institutions.

The project has a federal nexus because the funding provided is for purposes authorized by 33 U.S.C. § 1381 et seq. (Clean Water Act – State and Tribal Assistance Grants).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Elise M. Stefanik
